Looking for Something New?...

# Dear Friends,

Your members constantly demand new materials. They need new ideas to move their careers and organizations forward. In 2015, Executive Education will launch 4 all-new seminars, 4 major revisions and numerous new conference topics (highlighted in our Conference Catalog). Our new seminars include:

- Annual Financial Management Spotlight: 4 Current Topics
- Cash Management Techniques, Systems and Solutions: Make Your Money Work Harder
- The Strategic CFO: Big Picture Skills
- The Tactical CFO: Make Your Business Processes Work for You

Our **Annual Financial Management Spotlight** seminar is completely new every year. We don't update it – we completely replace it with 4 fresh topics.

Our new selections are sure to please your members.

I'm here to help!

Nancy

# Need Conference Speakers?

See our **Conference Catalog** for a list of 50 and 100-minute keynote and conference breakout topics. We can provide a single speaker or provide the program for your entire conference!

# **Major Update**

### As always, our **Cases in Corporate**

**Ethics** seminar gets a major update every year replacing approximately half the cases. Offer this seminar every year knowing your members can take this class every two or three years and discuss completely new cases each time..

# Participant Feedback

The course exceeded my expectations in every way. Great discussion, great take-aways and the presentation provided insight into how I can tackle issues facing my work environment.

Indianapolis, IN

Completely enjoyed having Dan Chenoweth as the course instructor. He was very knowledgeable and weaved the right amount of real world experience into our discussions.

Greenville, SC

Excellent class!

Iselin, NJ

John Daly is the best presenter out there! He really knows his stuff.

Grand Rapids, MI

Excellent course, knowledgeable instructor. [John Levy] blends clear expertise with deep and relevant knowledge.

Roseland, NJ

Diane White...encouraged interaction with the group and kept on track. She was a very interesting speaker.

Evansville, IN

Very solid. Excellent knowledge of topic area. Great real-world examples.

Bloomington, MN

Stimulating and thought provoking...there was a lot of good information that we can apply to our company.

Ames, IA

Don Minges was one of the best presenters that I have ever heard. His subject knowledge plus presentation skills were the greatest. Please bring him back.

Indianapolis, IN

Informative and well presented.

Grand Rapids, MI

The event was very relevant with excellent materials and an excellent speaker.

West Columbia, SC

Bill O'Brien is probably the most interesting discussion leader I've had so far.

San Mateo, CA

Thought provoking and interesting.

Bloomington, MN

# Acquisitions to Grow the Business Strategy, Structure, Integration & Due Diligence

Mergers, acquisitions and alliances have been — and will continue to be — major avenues to organizational growth and increased competitive advantage. Yet, in spite of the great initial promise of many business mergers and alliances, few seem to yield the anticipated results. Numerous studies indicate that between 55% and 77% of mergers fail to accomplish their intended purpose. This course helps CFOs, controllers and their advisors identify, negotiate and consummate mergers and acquisitions that create shareholder value while avoiding the many traps that can cause post-acquisition failure.

### **Topics Discussed:**

- Identify potential acquisition candidates
- Make strategic acquisitions
- Identify and understand company culture
- Value businesses
- Negotiate the right price
- Understand the keys to effective and efficient due diligence
- Prepare and review agreements
- Plan and execute an effective integration
- Key considerations when selling a business

### **Cases and Group Discussion**

This seminar provides extensive case study analysis and many opportunities for group discussion.

The seminar includes a capstone case study beginning with acquisition identification through due diligence, valuation and concluding with a successful negotiation. **Target Audience:** Finance and accounting professionals who seek to learn more about mergers, acquisitions and divestitures

# **Business Law Refresher** What Every Financial Manager Should Know

Today's financial manager takes on increasingly broad responsibilities, including those requiring decisions dealing with issues likely to attract legal scrutiny. Such law-sensitive issues are often fast moving, outside the normal course of business and carry high risk. A manager who can successfully navigate difficult legal waters has a key competence, while a manager who triggers legal liability will find it casts a long shadow over a career.

This session focuses on legal issues with which every upper level financial manager should be familiar.

### **Topics Discussed:**

- Know the top 5 legal mistakes companies make and how to avoid them
- Be aware of two fast growing areas of litigation and what you can do to minimize the impact on your company's profits
- Gain practical tips for dealing with customers in financial trouble
- Understand strategies to build partnerships or special purpose entities
- Understand why some business deals take especially long to negotiate
- Learn techniques to avoid common negotiating mistakes that waste time and money
- Know how to recognize, in advance, which deals will ultimately fall apart
- Recognize one transaction characteristic especially likely to cause legal problems

# **Cases and Group Discussion**

This seminar will include at least five interactive exercises as a vehicle for group discussion.

Target Audience: Those who are, or aspire to be, upper level corporate financial managers

# Cases in Corporate Ethics Discuss Real Life Conflicts

Anyone who has ever attended a lecture-format ethics seminar knows there is a better way. *Cases in Corporate Ethics* provides an opportunity for lively group discussion of real world, ethical dilemmas.

*Cases in Corporate Ethics* examines eight cases drawn from real-life business conflicts involving corporate financial managers.

### **Topics Discussed:**

We introduce new case selections to this seminar every year. Past cases have included these issues:

- How do you handle an owner who pays for personal expenses with company funds?
- Can you protect the public interest without violating our profession's confidentiality rules?
- How can a corporate world CPA get in trouble with their board of accountancy?
- Is a culture of fear and intimidation particularly susceptible to corporate fraud?
- How can using the CPA credential get a corporate accountant in trouble?
- Is exaggerating your CPE hours a violation of our professional codes of conduct?
- What are your options when your employer is clearly breaking the law?
- Does any legislation provide effective Whistleblower protection?

### **Cases and Group Discussion**

# Critical Thinking Skills For Financial Professionals

"What were they *thinking*?" Why do business leaders sometimes make decisions that severely damage themselves and their organizations? It is tempting to attribute poor choices to a leader's assumed incompetence, inexperience, bad character or low intelligence – but reality is much more complex.

Understand what factors really cause most blunders. When business decisions go badly wrong, financial professionals usually find themselves deeply involved. This seminar provides conceptual and case study material to better equip you for the challenge.

# **Topics Discussed:**

- Why critical thinking skills are so important to today's financial professionals.
- How to evaluate critical elements of a leader's decision-quality capability
- How to recognize factors that can sabotage decision-making by even highly capable people.
- How outstanding leaders use problem-finding skills to eliminate problem-solving drills
- How to develop an organization's talent for preempting threats before they become disasters
- How to overcome three major decision quality obstacles: indecision, internal conflict, and time pressures

### **Cases and Group Discussion**

# **Effective Business Writing** Cut Your Writing Time in Half and Double Your Impact

American businesses report losing \$1 billion a year to unclear writing that wastes time, kills contracts and turns off customers.

Optimize your time spent in communications as a writer and a reader. Prevent your readers from sending your documents to the circular file because they are too much work to decipher. Write with clear purpose and enjoy the results and time saved..

Be part of the solution, not part of the problem – write it right the first time.

### Seminar Objectives:

- Cut writing time by an average of 50%
- Double your document's impact
- Identify effective writing's key elements
- Learn the simple, direct *Effective Business Writing* process
- Edit your own and others' documents effectively

# **Exercises and Discussion**

This seminar combines lecture, discussion, individual hands-on practice exercises and group activities to assist participants in applying the five elements of effective business writing to an industry-specific case study. Participants will also get personalized feedback from the instructor on one of their own sample documents. **Target Audience:** All financial professionals

# Ethics in Action Protect and Defend

# *"The integrity of business depends on the integrity of its accountants."*

- John L. Daly, Executive Education, Inc.

In the 1976 movie, *Network*, Peter Finch played a news anchor so upset with world events that he delivers a TV speech with the famous line "I'm mad as hell and I'm not going to take it anymore." These days, many financial professionals feel the same way when we learn of foolish business decisions leading to a crisis.

### **Topics Discussed**

Look at a recent history of corporate misdeeds:

- The problem of "short-termism" and the need for "patient capital"
- The problem of over-reliance on government solutions

How we can restore trust in business and protect the integrity of our profession. Three lines of defense:

- **Financial Managers** inside organizations act as an "early warning system" to assure the company aligns its business model and risk tolerances.
- **Internal auditors** determine if their organization's risk capacity exceeds its risk appetite.
- **External auditors** become more proactive in understanding their client's business models and helping to shape professional standards.

Stewardship's attributes and what accounting professionals can do to create corporations that are more responsible to ALL their stakeholders

### **Case Studies and Discussion**

This seminar includes discussion of real world ethics cases.

# Ethics and Sustainability Profit from Doing Good

Sustainability is more than recycling or avoiding Styrofoam cups. 21<sup>st</sup> century sustainability is about:

- 1. Creating a long-term strategy for increased shareholder value
- 2. Respecting our natural resources
- 3. Building trust in your organization as a community member
- 4. Becoming a great employer, vendor and customer

This seminar discusses the specific steps the accounting/finance department can take to lead the way in creating a sustainable, 21<sup>st</sup> century organization.

### **Topics Discussed:**

- What sustainability truly means to our organizations
- Why sustainable actions are ethical actions
- The four steps to true sustainability
- Why doing more with less is good for the bottom line and the world
- How to be more efficient and effective
- Why the accounting/finance department should play a pivotal role in creating sustainable organizations
- Corporate social responsibility's role in sustainability
- The challenges and opportunities in measuring and reporting sustainability efforts
- Why sustainability efforts increase revenues and reduce expenses

### **Cases and Group Discussion**

# Finance and Innovation Reinvent Your Department and Organization

Innovation drives economic growth. The key to reigniting the American economy is reigniting innovation. Innovation can be fostered, nurtured, encouraged and sustained by our companies and organizations.

Innovation is not solely the purview of marketing, sales, service or production. Financial managers can create organizations that thrive on innovation or kill new ideas. They may choose to help develop and maintain practices that nurture innovation or they can just maintain the status quo. Truly innovative finance professionals provide new and more meaningful and actionable information to all employees.

### **Topics Discussed**

- How innovation happens
- Innovation metrics and how to report on innovation efforts
- How the use of technology and other simple techniques can foster and sustain innovation
- The difference between disruptive and sustaining innovation
- How to become more innovative on a personal level
- How to communicate and encourage innovation within your company

# How Good Companies Become Great Secrets to Success

Some companies are "born" great; others change and become great along the way. This seminar will discuss how both new and established companies become great. This seminar benchmarks world class companies to understand the underlying principles that made them great.

The seminar begins with key lessons about business start-ups from Paul Hawken, author of *Growing a Business*, and Guy Kawasaki, author of *Art of the Start* and *Enchantment*.

Next, the seminar looks at research on existing businesses, beginning with the management classic *In Search of Excellence* and then focusing on Jim Collins' research presented in *Built to Last, Good to Great, How the Mighty Fall* and *Great by Choice.* 

Help your organization transition from being merely good to truly great.

# **Topics Discussed:**

- The link between great companies and their core values
- Getting the right people on the bus and in the right seats
- The Hedgehog Concept a model to identify your company's focal point to create maximum value
- How great company leaders differ

# Know Your Cost Double Your Profit

Companies with poor cost information make bad decisions about products that are not "average". Poor information causes companies to overprice easy, high-volume "gravy" products and underprice difficult, low-volume "dog" products.

Regardless of whether your company sells goods or services, learn how to double your profit by giving the dogs to your competitor and keep the gravy for yourself.

### **Topics Discussed:**

#### **Understand Real Costs**

- Why traditional approaches are inadequate
- How superior cost information can double your profit
- Make Activity Based Costing spreadsheets
- Accurately understand overhead costs
- Recognize joint and by-products
- Add throughput costing to your toolbox

#### Accurately Assign Costs

- Product development and launch costs
- Occupancy costs
- Information technology costs
- Administrative costs
- Selling costs
- Excess capacity costs
- Interest and the cost of capital

#### **Cases and Group Discussion**

This seminar includes six exercises to facilitate group discussion.

# Making the Deal Fast-Paced Acquisition Case Studies

You will lead your company's due diligence team for sale or growth through acquisition. Your team will estimate the value of the target and then negotiate a deal with an opposing team. In your limited time, how do you determine and agree on a fair price? Where do you direct your focus? How do you get the other team off their positions? You will need to think on your feet. You will focus on financial analysis, including forecasting. Identify diligence red flags, think "outside-the-box" and then negotiate to "make the deal."

Fast-paced case studies will put you in the driver's seat. What would you do? This seminar lets you practice and prepare for real-life.

#### **Topics Discussed:**

- Identify red flags
- Make strategic decisions in real time
- Identify company culture issues
- Value businesses
- Negotiate a fair price
- Understand the keys to effective and efficient negotiation
- Prepare and review negotiation points
- Plan and execute a negotiation
- Turn Deal Breakers into Deal Makers
- Make the Deal!

# **Cases and Group Discussion**

Five seminar case studies from real-life transactions will immerse you in significant cash flow and "buysell" issues you must resolve. Time limits will simulate real-life time pressures. **Target Audience:** Finance and accounting professionals who seek to learn more about negotiating acquisitions and divestitures

**Level of Knowledge:** Intermediate

**CPE Credit:** 8 hours group live

Area of Study: Finance

**Prerequisite:** None, although knowledge and understanding of ASC 805 (formerly FAS 141R) as well as how to forecast and/or model outcomes will be helpful.

# Only Financial Officer Skills for Smaller Company Financial Managers

The title "Chief Financial Officer" is not an accurate description for what many financial managers do because the word "chief" implies that the company has more than one. This seminar covers four major topics of importance to the financial manager who must do it all.

We have designed *Only Financial Officer* to give financial managers in small to medium-sized companies the high-level skills needed to act as a member of top management.

### **Topics Discussed:**

#### **Resolve Ethical Conflicts**

- Apply accepted standards
- Discuss tough issues and still keep your job
- Know what to do when talking fails

#### **Do More with Less**

- Eliminate errors
- Renew your most important resource
- Create an environment of continuous improvement

#### **Know Your Profit Drivers**

- How does your company provide value?
- Know your cost drivers
- Differentiate "dogs" from "gravy"

#### Protect Your Company from Fraud

- Implement cost effective controls
- Prevent fraud
- Understand why inventory shrinkage may actually be a symptom of cash skimming

#### **Cases and Group Discussion**

This seminar includes group discussion of five cases.

**Target Audience:** For people who are the only degreed accountant in small to medium-sized companies

**Level of Knowledge:** Intermediate

**CPE Credits:** 8 hours group live

#### Area of Study:

- 2 hrs Ethics
- 2 hrs Management
- 2 hrs Accounting
- 2 hrs Auditing

# Presentation Skills for Success Make Your Message Compelling

Presentation skills are essential to effective leaders, especially for CFOs who must tell their company's story to both internal and external audiences.

In this seminar, you will learn (1) to deliver presentations effectively and with confidence, (2) to take "big picture" information and make it relevant to specific audiences, and (3) to conduct an effective "Question and Answer" session.

#### **Topics Discussed:**

#### Audience Assessment

- Audience profile
- Five questions to answer before preparing your presentation

#### Message and Media

- What does the audience need to know?
- What is the best way to convey that message?

#### How to Get Your Points Across

- Identify your normal presentation style
- Deal with "Presentation Anxiety"
- Sell your ideas using four critical elements

#### **Q&A Sessions**

- Anticipate questions
- Field questions
- Handle disruptive behaviors

### **Practice and Critique**

The only way to become an effective presenter is to practice. We will introduce concepts and examples then allow time for you to prepare and deliver a presentation using a topic of your own choosing. Participants will provide each other feedback for improvement. **Target Audience:** Upper level financial managers

Level of Knowledge: Intermediate

**CPE Credit**: 8 hours group live

Area of Study: Communications

Prerequisite: None

# Pricing for Profitability Strategies & Techniques

Pricing professionals have long debated the importance of understanding value versus cost. This seminar will show you why BOTH are important and why choosing only a single pricing tool will leave a company exposed to frequent pricing mistakes.

Companies typically make their pricing mistakes on four types of products. This seminar will acquaint participants with a variety of pricing skills that will help make their company the "smart" competitor in any pricing situation.

### **Topics Discussed:**

- Understand why choosing a single pricing technique can mean disaster
- Know why strategy development comes first
- Understand your customer value proposition to earn a superior profit
- Understand why companies mess up pricing products that are not "average"
- Create a competitive advantage through superior product cost knowledge
- Avoid being the "dumb" competitor
- Understand pricing ethics and law
- Develop effective quoting models
- Know why the company with the best cost information wins

# **Cases and Group Discussion**

This seminar includes cases for group discussion.

#### Target Audience: We

designed this seminar for finance, marketing and engineering managers to attend together, intellectually challenging each group while ensuring that all parties have a thorough understanding. We suggest financial managers also attend *Know Your Cost.* 

#### **Level of Knowledge:** Intermediate

**CPE Credit:** 8 hours group live

#### Area of Study:

hour Ethics
hours Accounting
hours Management

# Private Company Accounting New Directions, New Challenges

The convergence process is beginning to wind down. Both FASB and the IASB have issued new revenue recognition standards and lease accounting changes will soon follow. These changes will impact both public and private companies.

Whether or not IFRS becomes the basis for U.S. accounting standards, the convergence and private company accounting changes impact activities well beyond financial reporting. Awareness of IFRS adoption efforts by the SEC is one thing; understanding how FASB's convergence project and private company reporting can affect your company is a very different issue. You cannot afford to miss this critical, entertaining and interactive course.

### **Topics Discussed**

- The major convergence elements:
  - Revenue recognition
  - Lease accounting
  - Financial instruments reporting
  - Other Comprehensive Income presentation
- How convergence will change your basic financial statement presentation
- Reporting alternatives for private companies
- The critical operations issues driven by these comprehensive changes
- Ten action items for you to take today as you prepare for the unpredictable times ahead

### **Cases and Group Discussion**

This seminar includes six group exercises.

# Shorten Month-End Closing Best Practices

Surveys show that the average North American company completes their monthly financial statement closing in five days. However, some companies are able to close their books in one day or less. Many financial managers who feel pressured to shorten financial statement preparation time struggle with the balance between accuracy and speed.

This seminar will focus on the key aspects of every close and provide attendees with methods to prepare better quality financial information more cheaply and in less time.

### **Topics Discussed Include:**

- Trends in financial statement closings including the Quick Close, Soft Close and Virtual Close
- Review and discuss information systems' headaches that slow you down
- Work through examples of close cycle "time killers" and how to resolve them
- Get inventory and cost of sales under control
- Identify the improvement projects that will yield the biggest benefit
- Review what leading edge finance managers are doing to close more quickly

# **Cases and Group Discussion**
